

Satanic Surfers, Equal Rights

You scream for Equal Rights
when it comes to black and white.
But you forget about the woman next to you who does the same work as you do,
but only gets 89% of what you get paid.
Just because she got tits and not a dick and the ones who rule
think she's only good enough to get laid.
So it depends on how you define Equal Rights,
'cause there's more than one way to see it.
What's the reason for your oppression
are you afraid of the strength in me
afraid I'll reveal the weakness in you
I won't submit to your fear!!!
Everyone needs respect - Equal Rights.
Anyone can give respect - Equal Rights
