

Satanic Surfers, PC = Potential Criminal

Tell me what exactly did you expect me to understand?
was that accepting me for who i am? cracking racist jokes
expecting me not to be offended 'cause you consider yourself
my friend so in my insecurity... i pretended to be amused by your
bigotry came here when i was 2 years old grew up in a small town
people whispering behind my back eyes looking me up and down
i am tired of... always being viewed as a potential criminal
although i am constantly reminded of the difference between
me and you it doesnt hurt as much as it used to 'cause i have
learned to respect myself i have learned to trust again and not
feel ashamed of where i am from or who i am all my life i have
been reminded that i dont belong here.
