

Satanic Surfers, Retard

What the fuck do you think you're doing
What's wrong inside your head
If you ever do that again
You are just as good as dead
Retard - You say I'm a retard
What the fuck do you think you're doing
What's wrong inside your head
If you ever do that again
You are just as good as dead
You're always treating me like dirt
But you're too fucking blind to see
You're the one with the attitude problem
Won't you please stop calling me retard
Retard - You're the retard
Nothing you say is true
