

# Satanic Surfers, Traditional Security

He comes home late from work, expects dinner to be served, a big steak cause real men need meat  
(So many dreams)  
So much potential settled for traditional security  
Life's a scary game to play where men set the rules  
And men possess all the assets  
Hits her heart then comes crawling back with tears in his eyes to apologize  
She looks in the mirror  
A black eye stares back at her  
Wishing she hadn't been so afraid  
To stand on her own but it's never too late to take control of her life  
Might be a scary game to play where men set the rules  
And men possess all the assets but girls kick ass too
