

Satellite Party, Awesome

I tried to look away,
But can't resist,
I can't believe,
That you exist.

Where do you come from?
We share the day,
But you're not tangled,
In it's pain.

What i behold is awesome.
Awesome, awesome,
Awesome, awesome,
Awesome, awesome,
Awesome, awesome.

You read a book, a book of love,
Within in the story.
You picture yourself,
I can, tell.
If i seem silent,
I'm just thanking someone far away,
For you.

What i behold is awesome.
Awesome, awesome,
Awesome, awesome,
Awesome, awesome,
Awesome, awesome.

(Awesome)
They say the world is always turning,
(Awesome)
In suspended animation,
I keep yearning for you.
Yearning for you.
Yearning for you.

Picturing what you and i can do.

Yearning for you.
Yearning for you.
Yearning for you.

What i behold is awesome.
Awesome, awesome,
Awesome, awesome,
Awesome, awesome,
Awesome, awesome.

(Awesome)
They say the world is always turning,
(Awesome)
In suspended animation,
I keep yearning for you.
Yearning for you.
Yearning for you.

You're a gem i'd never give away,
If i lost everything, i would hold you in my hands,
And open them everytime i had the chance,
Dazzled by what i held.
Dazzled by what i held.

Awesome, Awesome.
