

Satellite Party, Only Love, Let's Celebrate

I just wanna celebrate.
I just wanna celebrate.
I just wanna celebrate.
Oh I, I, I I I I.
I just wanna celebrate.
I just wanna celebrate.
I just wanna celebrate.

Now everyone stand up with me,
Leap and folly in the street,
Let the cars all press their horns,
We control the golden dawn.
Let's make this old town sway,
See what the future brings.
No marchers spitting hate,
Only Love, Let's Celebrate.

I just wanna celebrate.
I just wanna celebrate.
(Yeah)
I just wanna celebrate,
(Satellite Party)
I just wanna celebrate.

Now we are like the rising tide,
Sea of dreamers open eyed.
Who took the sun licked trail,
Use music as our silky sail.
Let's make this old town swing,
See what the future brings.
No marchers spitting hate,
Only Love, Let's Celebrate.

I just wanna celebrate another day of living,
I just wanna celebrate another day of, life.

Come on, come on now.

Whoa, celebrate life.

Whoa, Whoa, Whoa.

Celebrating Satellite Party.
Oh I wanna celebrate.
I wanna celebrate another day.

I just wanna party.
(Love to party with you)
Satellite Party.
(Wanna party with you)
I just wanna party.
(Love to party with you)
Satellite Party.
(I wanna party)

I just wanna party.
(I Love to party with you)
Satellite Party.
(Wanna party with you)
I just wanna party.
(I Love to party)
Satellite Party.

We spread love,

We spread love,
We spread love.
(I Love to party with you)
We spread love,
We spread love,
We spread love.
(Wanna party with you)
We spread love,
We spread love,
We spread love.
That's how we do it at the, Satellite Party.
