

Savannah Outen, Goodbyes

Walking past you through the hall
Stopping by to give you a call
We've been through it all
Talking to you saying our goodbyes
Can't believe that we are leaving
This is the end for us all
Yeah Yeah Ohh
And how do we say our goodbyes
Do we laugh or cry
And why does this have to be so hard
Yeah yeah ohh
And how do we say our goodbyes
Do we laugh or cry
And do i just say goodbye
Should i laugh or cry
Everything has just disappered into air
I bearly got to say goodbye
It's friends forever that's what we used to say
Now everything is flying away
And how do we say our goodbyes
Do we laugh or cry
And why does this have to be so hard
Yeahhhh (why does it have to be)
And how do we say our goodbyes
Do we laugh or cry
And do i just say goodbye
Oh ooh oh ohhh
I just wish that everything was the same (the same)
Now all the memories floating away
Yeahhhh ohhh..
And how do we say our goodbyes
Do we laugh or cry
And why does this have to be so hard (so hard)
And how do we say our goodbyes
Do we laugh or cry
And do i just say goodbye
Should i laugh or cry
