

Savannah Outen, He's Just So

I can't believe he exists
Oh I just love to say his name even though
he's a world away
if i had the chance i wonder what i would say
i want him to know
that i could go on and on and on and on
cause he's just
not another ordinary boy
and he's not
any word i've ever said before
he's not
every fairytale that i've been told
he's just soo
hes just soooooooooo
he's just sooooooo
Wonderful would be nice
Amazing would just be something to say
I try to describe
the way he makes me feel
It's hard to disguise the way i go on
and on and on and on 'cause
he's just
not another ordinary boy
and he's not
any word i've ever said before
he's like every fairytale that
i've been told
he's just soo
he's just
look at my smile
look at my face
he's just
just look in my eyes
just look in my eyes
he's just
not another ordinary boy
and he's not
any word i've ever said before
and he's like every fairytale that i've been told
he's just soo
he's just oooooooooo
he's just oooooooooo
he's just
