

Savannah Outen, Hope And Prayer

I die just a little
Each day i see the pain that they must live
I Cry just a little
And wonder if there's more that I can give
(Just give them love)
I give my love
(Just give them love)
I give them all the hope I can
They know they are not alone
Together we'll make a stand
Chorus

This is their hope this is their prayer
That there are people who still care
Who will not forget
That they are innocent
Innocent one and all
This is their Hope, This is their prayer
That someone always will be there
To stand by their side
To Protect them
Help them to stand tall
This is their prayer

Bridge
They need to know they are not alone
We need to make their flight our own
'Cause the road long and winding
Need to help them find the way
Help them wipe away the sorrow
And find a brand new day
Chorus x4
