

Savatage, She's In Love

She likes what she sees
starts to drop on her knees
gazing with an appetite
licks her lips in sheer delight
She's one of a kind
A sight for sore eyes
It's all she needs to be happy
I bet she never knew
it would taste so good

□CHORUS:

□No she's in love
□I know she's in love
□Oh no she's in love
□Oh yeah she's in love

She just loves to please
Kiss of life her specialty
Oh how well she knows
Just how to make it grow
She's one of a kind
A sight for sore eyes
It's all she needs to be happy

□CHORUS
