

# Saves The Day, Benjamins-Sophia On The Stereo

rise and shine  
to the stereo  
playing a song i know we both like  
it sounds like lazy summer sundays  
it sounds like something that we both like

rise and shine  
to california  
singing a song i know we both like  
it sounds like rainy summer sundays  
it sounds like something that we both like

(Chorus)

Wa oh, wa oh, we're on the stereo  
Wa oh, wa oh, we're on the stereo now

a stack of mixtapes brought me closer  
and i know that it's a modest melody  
that sent you out to find the perfect guy  
but found you crashing into me

(Chorus)
