

Saves The Day, Shoulder To The Wheel

And I say, "Just go.
Please, Dave, just drive.
Get us as far as far can be.
Get us away from tonight."
And I say, "I'm sorry.
I didn't mean to yell,
I'm having a bad week
I miss my mom."

[Chorus:]
We drive
Dave steps on the gas
The world that's flying by is slick and smooth
Big waves of light
The radio is playing Queen
We're rocking out

And we're going now
Cause, hey, this is it
This is where we are
Out here where silence is
Seventy miles an hour, windows up tight
And I am home.

[Chorus x3]

And I say, "Just go.
Please, Dave, just drive.
Get us as far as far can be.
Get us away from tonight."
Seventy miles an hour, windows up tight
And I am home.

[Chorus]

We're rocking out
We're rocking out
