

# Savoy Brown, A Little More Wine

Oh, I'd be a rich man if I had all the money I owe  
But to have that much I oughta' help them sell my soul  
One and one make two , two and two make four  
That figure don't drive the rent man from the door

Just got time for a little more wine  
Just got time for a little more wine

One day I'll see my way to clear up the trouble and strife  
I'll get a little joy, a little joy in my life  
I think about the good times, the memories don't come [clear]  
I feel like I'm goin', I'm goin' just a little down [hill/here?]

I just got time for a little more wine  
I just got time for a little more wine

(Guitar interlude)

But when I do remember the hopes I used to have  
My face lights up and I crack a little smile  
When I reach the end of my workin' life  
I'll sit and say 'I wonder was it all worthwhile?'

I just got time for a little more wine  
I just got time for a little more wine

(Guitar solo)

But when I do remember the hopes I used to have  
My face lights up and I crack a little smile  
When I reach the end of my workin' life  
I'll sit and say 'I wonder was it all worthwhile?'

Just got time for a little more wine  
Just got time for a little more wine
