

Savoy Brown, Deep Water

Some get it easy
Some they got to suffer
You don't make it better
Fighting with your brother
Don't get in deep water
Double trouble's gonna drag you down
Don't get in deep water
If your sinking then they'll let you drown

Try it out my way
then you will discover
Ain't no good living
Hurting one another
Don't get in deep water
Double trouble's gonna drag you down
Don't get in deep water
If your sinking then they'll let you drown

It's a crazy world
Things are moving faster
Seems like every day
Brings a new disaster
Oh, don't get in deep water
No, don't get in deep water
Don't get in deep water
Double trouble's gonna drag you down

It's a crazy world
Things are moving faster
Seems like every day
Brings a new disaster
Oh, don't get in deep water
No, don't get in deep water
Don't get in deep water
Double trouble's gonna drag you down
