

Savoy, Butt Out

I know what's good for me, yes I do
I know what's best for me, you know I do
I know what's right for me, yes I do
Butt out

I can be myself, yes I can
I can do what I want, you know I can
I can do things myself, I have two hands
Butt out

You, only listed to you don't care what
the others say....anyway
You're talking all the time please go away
You just like hearing all the things you say
You just can't stop, until you get your way

You tell me what to think and what to wear
You tell me how to dress and do my hair
You tell me all the things that I should do
Does that include the hope of leaving you
You, only listed to you don't care what the others say
....anyway
You, only listed to you don't care what
the others say....anyway

I can be myself, yes I can
I can do what I want, you know I can
I can move in with firmed, yes I can
I know what'sbestforme,yes ldo
I know what's right for me, you know I do
I know what's good for me, yes I do
