

Savoy, Easy

I'll bring you down, down
And then you'll be with me,
Here, where things are not so easy
I've been trying all day long
To get it right, it comes out wrong
Then you go, and make it easy

It's not so bad, I tell myself
Don't try too hard, things could go wrong
Do you really have to work
We could take the day away
And we'll try and take it easy
We could go out for a drive,
Though I'd rather stay inside
And you know I'll make it easy

Don't say too much,
Don't speak at all
It's not so bad, I tell myself
I'll take you down, down
And then you'll be with me,
Here where things are not so easy
