

Savoy, I Still Cry

Now the leaves have turned and blown away
Everything is washed in shades of grey
Ask me how I know that I'm alive

Well, I still cry, oh yeah
Well, I still cry, oh yeah
But I don't know why

Now the leaves have turned and blown away
Everything is washed in shades of grey
Ask me how I know that I'll survive

Well, I still cry, oh yeah
I still cry, oh yeah
I still cry, oh yeah
I still cry, oh yeah
But I don't know why

The pain, when it goes away
It's almost worth it just to feel it fade away
Ask me how I know that I'm alive

Well, I still cry, oh yeah
Well, I still cry, oh yeah
Well, I still cry, oh yeah
Well, I still cry, oh yeah
But I don't know why
