

# Saxon, Everybody Up

On your feet, I wanna see the whole place jumpin'  
C'mon baby, can you feel the heat  
Move up close, the boys are out to get ya  
We don't care just what you got in mind

Said everybody up, everybody up (\*)  
Everybody up, everybody up

Stand in line, we're about to rock you  
We all know what you came here for  
Stamp your feet, this place is really rockin'  
Rip it off, I wanna see some move

(Repeat \*)

Up all night, we've been getting crazy  
Going down, 'till you're satisfied  
Raise your hands, shout and let me know  
I wanna see you waisted from the show

(Repeat \*)
