

# Saxon, Get Down And Dirty

Working in a drug store  
Slaving on it nine to five  
Waiting for the weekend  
That's when she comes alive

You've got me coming like a freight train (\*)  
You took my heart away  
Now I'm hooked on you  
You got to get down  
Get down and dirty  
You got to get down  
Get down and dirty

Walking down the sidewalk  
Making all the schoolboys stare  
Red skirt and long legs  
And looking like she don't even care

(Repeat \*)
