

Say Anything, Shiksa (Girlfriend)

i remember it vividly, love. ive been walking erect since the moment we met
and i caught your eyes to my surprise (your white thighs)
hebraic neuroses ceased to be. an angels conversing with me
the new attractive to me is divine
and even if your friends dont understand
no matter what, ill always be your man
and even if you go, you know youll leave me feeling grand
ill need new contraceptives, green eyes
i found god when you left him, green eyes
lets spend the night entwined out on the boardwalk in sickly summertime
like the yin and the yang of the afikomen
youre the omen that all has changed that was deranged
and even if you stomp me til im sore
no matter what, id bleed to be your whore
and even if the cancer grows until we explode, im yours
i have a girlfriend now
no way, no how
howd i get a girlfriend, now?
well, from here on forth, im yours
and even if your whisper eats my ear
your voice shall be the only song i long to hear
and even if you fear the end, our sacrament of salmon and irish beer
will still be here
boy, i need your love, so give it to me
boy, i need your touch, so lay it on me
boy, i need your love, i need your touch, im yours
