

Say Anything, Until The Bombs

And I will sing my song for you
Until the suns engulfed in rain
And its water instead of blood that is coursing through my veins
And I will crack my spine for you
Until my legs cant hold my frame
I will fall onto my knees and I will hang my head in shame
And ill say
Yeah come again now good things don't make sense anyhow
Yeah come again now my words don't mean much anyhow
And I will sing my song for you until you look me in the face
Press your lips against my own so I know just the way you taste
And I will sing my song for you until the bombs wipe out the clouds
I will stand against the ruins and I will scream your name out loud
And ill say
Yeah come again now good things don't make sense anyhow
Yeah come again now my words don't mean much anyhow
Cause soon you'll be leaving me for another one
You'll be leaving me for another one
You'll be leaving me for another one
And you'll be leaving me
And ill say
Yeah come again now good things don't make sense anyhow
Yeah come again now my words don't mean much anyhow
