

Say Hi To Your Mom, Let's Talk About Spaceships

And what's that saying again,
They're only words
and words can't kill me
Well, I can't even spell them
and cadence to what she says is well.

Let's talk about spaceships,
or anything
except you and me
Okay?

Let's talk about spaceships,
or anything
except you and me
Okay?
Okay.

And don't look now,
But there's a spider crawling on the wall behind you.
I should of paid attention in algebra.

Let's talk about spaceships
or anything
except you and me
Okay?

Let's talk about spaceships
or anything
except you and me
Okay?
Okay.

Let's talk about spaceships
or anything
except you and me
Okay?

Let's talk about spaceships
or anything
except you and me
Okay?

Let's talk about spaceships
or anything
except you and me
Okay?

Let's talk about spaceships
or anything
except you and me
Okay?

Okay.
