

# Say Hi To Your Mom, She Just Happens To Date

Where they met isn't relevant,  
So let's just say in the wisconsin dells.  
They drove fast through everywhere except ohio.  
Because the cops there tend to cause a big fuss,  
And you can't have that when you're the prince of darkness.

But enough about him,  
It's her you should keep an eye on.  
But enough about him,  
It's her you should keep an eye on.

She makes things, in her downtime,  
From soldered, old computer chips.  
And has a blog where she predicts brand new indie rock hits.  
And she's normal and shy like the rest of us,  
She just happens to date the prince of darkness.

But enough about him,  
It's her you should keep an eye on.  
But enough about him,  
It's her you should keep an eye on.
