

Say Hi To Your Mom, The Pimp And The Sparrow

He timed it all just right
for the sparrow's first flight
but I said don't fly down there
The world is such a scare

But he flew down anyway
and got chomped like easy prey
You know he should have listened fast
that thought is just the past

At least I told him anyway
hey hey.

Well out on Avenue A
The pimp flexed his gold chains
but I pointed out the rain
That it would rust them all the same

And like clock work did they rust
And then he died of tetinas
So I took his girl for mine
And for him she does not pine

At least I told him anyway
Hey hey. Twododo
Do do do.
Do do do do do do do, do do.

Well the one thing that I wish
is that the sparrow meet the pimp
Oh yeah, in heaven in the sky.
of a drop that cold my ties

And their stories they will swap
And in horror they will stop for
when they learn they both knew me
And I offered them the plea

At least I told them anyway.
Hey hey. Do do do do do.
Do do do. Dododododo. adodo.
Dododododo. Dododo.
(the do do's continue)
