

Saybia, 7 Demons

Hold your breath, say no more
You've spent the last few hours
Condemning what I said
What did I say?

But I save the best for you
No matter what you think is true
And now 7 demons riding on my back

Candle light and inner sight
A perfect evening ruined
Cancelled by a single word
A single word

But I save the best for you
No matter what you think is true
And now 7 demons riding on my back

Get off my back

I save the best for you
No matter what you think is true
And now 7 demons riding on my back

I save the best for you
No matter what you think is true
And now 7 demons riding on my back

Get off my back
Get off my back
