

Saybia, Brilliant Sky

Nothing has changed,
I'm exactly the same
As before we went cruising
In a high speed lane
I'm still dreaming of open sky,
Open road

But grass is not greener
On the other side
I know by now
'cause I walked the red carpet and died
There is so much more to life
Than what meets the eye

We're running wild on the ocean
Running wild

Brilliant sky all over
There's a brilliant sky all over
These days, yeah
There's a brilliant sky all over
These days
Hang on, hang on, hang on

And I thought I was safe
On this one-way crusade
But reality claimed my heart
And my friends

Now this is day one
In the rest of my life
And I'm feeling all grounded
And my spirit is high
And I'm longing for open sky
Open road

We're running wild on the ocean
Running wild

There's a brilliant sky all over, yeah
There's a brilliant sky all over
These days, yeah
There's a brilliant sky all over
These days, these days
Hang on, hang on

There's a brilliant sky, yeah
There's a brilliant sky

Ooh, we're running wild on the ocean
Running wild
