

# Scabs, Don't You Know

Don't You Know

I tried to make it right with you

But i should go

After everything that we've been trough

I had the time of my life

Till that day that my love took a dive

But if only the strong will survive

Won't you stay with me, stay with me, stay with me, stay with me

If it's time to let you go

Let me know tomorrow

I wanna hear I told you so

(Don't you know) Don't you know

we shouldn't keep the score

of all the dirty trics we pulled before

Don't you know we couldn't anymore

Don't you know i want you here to stay

Don't you know it matters anyway

Anyhow, don't you know

I've should have known

I've was chasing rainbows all the time

wel maybe so

But i always had your hard in mine

You were the light of my life

Till that day that my love took a dive

But if only the strong will survive

Won't you stay with me, stay with me, stay with me, stay with me

If it's time to let you go

Let me know tomorrow

I wanna hear I told you so

(Don't you know) Don't you know

we shouldn't keep the score

of all the little trics we pulled before

Don't you know we couldn't anymore

Don't you know i want you here to stay

Don't you know it matters anyway

Anyhow, don't you know

(Don't you know) Don't you know

we shouldn't keep the score

of all the little trics we pulled before

Don't you know we couldn't anymore

Don't you know i want you here to stay

Don't you know it matters anyway

Anyhow, don't you know
