Scabs, Woman

Now you can tell a woman what she might want to hear Whisper sweet nothing's into her ear Buy her diamonds and buy her pearls Buy her everything in the world

And she my tell you you're the only one That you're her sweet and sticky golden honey bun That she'll be there until the end of time But then you wake up one morning to find she's changed her mind

Because oh she's a woman and she will do Just exactly what she wants to No matter what you say

Now you may say I don't like it that way I like it like it used to be in the good old days But what I say to you is true A woman gonna do what she's gonna do

'Cause when a woman's made up her mind you know that's that Ain't no way to change it and that's a fact Yeah you can try man but best take it from me That to argue with a woman's sheer insanity

'Cause you say do you want my honey I don't know Do you want my money maybe so Baby you so funny you better watch it bro I'll make everything sunny you better though

Baby do you love me I don't know Baby do you want me maybe so Will you ever leave me I can't say so Will stay forever I gotta go
