

Scandal'us, High On Your Love

High
Oh, oh, oh, oh, oh
Oh, oh, oh, oh, oh (oh yeah)
High

Oh, oh, oh, oh, oh (all right)
Oh, oh, oh, oh, oh
Oh, oh, oh, oh, oh
High

Just a little bit is all I need to make it flow
I know you're making it
Seem just like a dream world
Just a little sip makes my hearts just sway now
I know you're shaking me
I'm losing grip of space and time

Wandering in universe (baby, baby)
I know you got this effect on me

I'm getting high on your love
And I walk on clouds above
Beyond the Eiffel Tower
I can feel the higher power
Getting high on your love
And I'd fly to stars above
Every minute, every hour
I get high

I've been in paradise, everytime you're touchin' me
Dive into lovin' eyes
Help, I drown so easy
I get a bubble-eyes (eyes), what ya really do to me
I just got to realise
I'm losing grip of space and time

Wandering in universe (baby, baby)
I know you got this effect on me

I'm getting high on your love
And I walk on clouds above
Beyond the Eiffel Tower
I can feel the higher power
Getting high on your love
And I'd fly to stars above
Every minute, every hour
I get high

I take a trip into the outer space with you
Share a bottle of wine on Mars
I touch your lips and feel the dreams inside come true
Come true, yeah, yeah

Oh, oh, oh, oh, oh
Oh, oh, oh, oh, oh (oh yeah)
Oh, oh, oh, oh, oh
High

Oh, oh, oh, oh, oh (all right)
Oh, oh, oh, oh, oh
Oh, oh, oh, oh, oh
High

Wandering in universe (baby, baby)

I know you got this effect on me (oh me)
Yeah, yeah, yeah

I'm getting high on your love (I'm getting high)
And I walk on clouds above (walk on clouds above)
Beyond the Eiffel Tower
I can feel the higher power (the higher power)
Getting high on your love
And I'd fly to stars above
Every minute, every hour (every minute, every hour)
I get high

Oh, oh, oh, oh, oh
Oh, oh, oh, oh, oh (oh yeah)
Oh, oh, oh, oh, oh
High

(I'm getting high on your love) Oh, oh, oh, oh, oh (all right)
Oh, oh, oh, oh, oh
Oh, oh, oh, oh, oh
High

I'm getting high on your love
And I walk on clouds above
Beyond the Eiffel Tower
I can feel the higher power
Getting high on your love
And I'd fly to stars above
Every minute, every hour
I get high
