

Scandal'us, You Bring Me Love

You bring me love
Baby, baby, baby, baby
You bring me love
Baby, yeah, yeah

Baby don't you know that I've been thinkin' 'bout ya
Day and night, all the time (all the time)
You make me feel so right, I can't live without ya
Don't know what I would do, baby, without you

Baby, baby, baby

You bring me love like the sun on the brightest day
You shine a ray of light on my heart
I like what you do, and I'm always gonna cherish you
You bring me love, bring me love

For this love, you're to blame, I need you so badly
A feeling I can't contain (can't contain)
I don't want someone else, no one else is good enough
Don't know what I would do, baby, without you

Baby, baby, baby, oh

You bring me love like the sun on the brightest day (bring me love)
You shine a ray of light on my heart (yeah, yeah)
I like what you do, and I'm always gonna cherish you (bring me love)
