

Scar Symmetry, Mind Machine

All free will is gone
Automatic knowledge
Humans lead in leashes
Silent, untrue
All are subjects to
Automated liars
Broadcast feelings through
Machines that makes you

Wither away
Death of the soul
Indoctrinated in false grace

Bio-machinery
Mind and machinery
Fear now fuels the system
Bio-machinery

Target is the world
Structuring the madness
Terminating ancient
Concepts of truth
Power structure comes
Silent weapons fired
Quiet wars in minds
The damage is done

Wither away
Death of the soul
Indoctrinated in false grace

Bio-machinery
Mind and machinery
Fear now fuels the system
Bio-machinery

[Solo: P. Nilsson]

All hope that died must rise anew
By facing the passage of time
All that we've known was bound to drown
Before we could wake

Bio-machinery
Mind and machinery
Fear now fuels the system
Bio-machinery
