

# Scar Symmetry, Slaves To The Subliminal

Eyes transfixed at flashing visuals  
Looking without seeing  
Subject for subliminal attacks  
Subconscious registrations

Efficient manipulation methods  
The embedded distorters  
One step in the mass hypnosis  
On a monumental scale

Vile embrace of the one who beholds  
Robbed of thoughts and of feelings

Draining dry the very mind  
All we know is what they show  
Never seen - the chains that binds  
Lies enslave you!  
Registrations that will burn our spirits hollow  
Making sure the blind stays blind

We are slaves to the subliminal

No choice to accept or reject  
Heading straight for the source  
Perceived below normal awareness  
Suck in the embedded additions

Registrations that will burn our spirits hollow  
Making sure the blind stays blind

Drugged docile by the embeds  
They enter below the threshold  
Intricate manipulation technique  
Promotes robotic behavior  
Consume according to fabricated needs  
Command the subconscious  
Follow all the shallow standards  
Programmed instinct response
