

# Scarbox, Sin Ti

If I'm doing the right thing, then why's it feel so wrong?

El dolor de que trat de refugiarsele. (The pain I tried to shelter you from.)  
Es ahora el dolor que doy usted. (Is now the pain I am giving you.)

I'm beginning to feel I'm dead inside  
I can't remember the last time I cried  
Te - quiero  
Pero estoy sin ti  
No quiero mentir

No sabes what's really going on in my head  
No sabes the reason I couldn't have tried

Y en mi vivir (In my life)  
And in our minds  
Si pienso en ti (If I think of you)  
I close my eyes  
Si sueo en ti (If I dream of you)  
I can taste the salt of your lips  
Todo es una verdadero nada (Nothing is real)  
That lie in the wounds.

How does it feel to start your new life?  
Muero adentro (I'm drying inside)

How do you know when the pain has subsided?  
Cundo mi coraz&#oacute;n para (When my heart stops)
