

Scarface, F*** Faces

(feat. Too Short, Tela & Devin)

{Scarface}

Man I met this chick so fine
So bad She made me sick some time
I just had to fuck this bitch one time
I met her in the galleria shopping, buying
Gifts for some guy that she dating, still shot
Second anniversary and I'm congratulating that
But man she had an ass so fat
You couldn't palm it with Shaquille hands
It seems to me she had the whole world in her pants
Walked behind her whispering love songs
She started smiling so I handed her this bathing suit
And told her try it
Replied, while with these light brown eyes
I'm shopping for a lady friend about your size
She put it on so I paid for
Then I told her she could keep it
And then I walked out the store, it's our secret
But peep it
Made it down the hall, she came running
Bags about to bust, blouse wrinkled, but still stunning
I don it
Made a mack move and girl chased me
And shortly thereafter, exchanged our fuck faces
It's tasteless
But honey must of missed being treated
Like something more than niggas just tumbling and dudes beating
Her ass behind the silly shit
And I can see it in her eyes she was sick of this
Let's see the sights, its me tonight
Let's leave him stuck home pacing
Blowing up your pager, exchanging fuck faces

Chorus:

You must be used to all the finer things
Infatuated by what money brings
It seems to me you hoes will never change
So all that's left is for us to exchange

{Too \$hort}

I called her up on the phone said I'll be there in a Minute
Cause all them faces she be making when I'm in it
They make a nigga feel like he doing something
The pussy so good have you through with money
But you ain't knowing she's a tramp and a slut and all That shit
Every chance you get you trying to call that bitch
Quite a few niggas got the pussy
But everytime I see her got to stop and look
Cause she so damn fine bitch
I want to make you mine bitch
I want to fuck one time bitch
Short Dogg's on your mind bitch
I give a fuck about any nigga you fuck with
Stuck with, I love the way she suck dick
It make me bust this
It's hard to hold back when it's this good
You said she wouldn't I knew the bitch would
Cause I'm a veteran, twist them in the game so fast
With this pimping, bitch, you ain't go last

I got to get 'em, let 'em know I'm pimping really
Unless I'm getting paid, the shit is temporary
Exchanging fuck faces, making hella noise
Getting freaky as fuck and go and tell my boys
Cause it's like that, that's how we do this shit, Bitch

Repeat Chorus:

{Devin}

Let me holla at 'cha B, Short check this
Just got through fuckin this bitch, who swallowed my Cum and drank my
piss
I stuck my fist up in her cock, she didn't budge or Move it
Sucking and Fucking, man she loved to do it
I bust 4, 5, 6
nuts in her mouth, when she come to my house
I know thats my bitch
And she don't tell nobody shit
She keeps it cool, she said that pussy's mine
And because the way I rhyme, she let me fuch her all The time
I'm thinking about keeping this bitch by my sidee
Girl so fine niggas dreamed they fucked her and lied
But I'm numero uno, the one and onlly
Bitch be all on me chewing my nuts like bologna
Then picked, she licked on my dick like plop
The nut skeeted out like thick white snot
She saw it was still hard and said look what I got
Then rubbed it, hugged, it and shoved it in her cock
Tried to tell her to stop, but the bitch wouldn't listen
I guess a dick that's hard as rock, is what these hoes Be missing
And in return she used her stolen credit cards to by Me casing
And later on she got this bone and gives me fuck Faces

Repeat Chorus:

{Tela}

I got a call from Laquesha and some of her neices
Saying its about six or seven dime pieces
We can hook up with no chains and no leashes
Tied to this fucking affair and slow leases
See what we go do is fall through with crushed ice
Man these hoes been talking bout fuckin for three Nights
Whole damn grill so slick it's kind of nice
Not too expensive, but comfortable and its quiet
The rimmy that she gimme, a phillie and its tranquilized
Thinking to myself at this time and realized
She ain't got on panties so damn it, its in the signs
Somebody's getting fucked tonight to my suprise
Enter the room with the cat ass eyes
Rochelle's who do nails with them thick ass thighs
See I love these kind cause they ain't with that Bullshit
Get a nigga off in the room and pull shit
Girl stop licking right there you killing me
Go ahead and touch it right there and fell the P
This some cold blooded shit with a bitch you let me Sit through
Damn hoe I must admit, that's whit it hit me
So I dips into the world of forgotten fuck faces
You getting buck places, drinking, love, and sex Chases

Devin:

You know what I'm saying baby
It's either now or never
Too \$hort, Tela, Devin Scarface in style

Repeat Chorus
