

# Scarlet River, Life Is Safe

life is safe  
in my Daddy's arms  
i see no fear  
only Your smile and charm  
when i fall  
and scrape my knee  
You come running  
and You soothe the sting

oh the days seem long 'til my Daddy comes  
oh these days seem scared 'till i see You there

life is sweet  
when i drink from Your lips  
i've never known a love like this  
i hear the bells  
i'm heading that way  
We're closer now  
to our wedding day

oh the days seem long 'til my Lover comes  
oh these days seem gray 'til i hear You say

how i love You and i want You here  
how i miss You and i want You near

life is safe  
in that secret place  
i go by faith  
and seek Your face

oh the days seem long 'til my Jesus comes  
i will wait in that secret place
