

# Scarlet River, Use Your Wings

its about that time...  
that i learn to fly...  
so far away from our father...  
away down high...  
i'm waiting for that push to knudge me off...  
and use these wings you gave me...  
but i'm ascaed of this drop...  
so hold on hold on...hold on to me...hold on...  
hold on...hold on to me...and let it all go....its just alittle thing...  
you wont have to fall...just use your wings and hold on...  
hold on...hold on to me...hold on hold on hold on to me..  
and let it all go...let all of it go...you wont have to fall...  
just use your wings...and hold on...its about that time....  
that i learn to fly....so far away from our father....away down high...
