

Scarlett Johansson & Joshua Bell , Before My Time

Cold feet, don't fail me now
?So much left to do
?If I should run ten thousand miles home?
Would you be there?

??Just a taste of things to come
?I still smile

?But I don't want to die alone
I don't want to die alone
Way before my time

??Keep calm and carry on
No worse for the wear??

I don't want to die alone
I don't want to die alone
Way before my time

Is it any wonder
All this empty air
I'm drowning in the laughter
Way before my time has come
