

# Scarling, So Long, Scarecrow

So long, scarecrow  
So long bad mood  
So long prescription pills  
So long bad blues  
Oh, we don't care anymore  
So long, liar  
What transpired  
What did you expect?  
Kindness for tread neglect  
Oh oh  
We don't care anymore  
So long, lonesome  
Know what you've done  
Smoking a cigarette  
Praying that we'll forget  
Oh, we don't care anymore  
So long, scarecrow  
Sorry you're sad  
You say you lost everything  
Some things you never had  
Oh, we don't care anymore  
We don't care anymore
