

Scarling., The Last Day I Was Happy

i'm in a perfume heaven
with a cement sky
i wanna rip her head off
and I don't know why
i wanna think of nothing
think i'll drink the sea
i wanna feel him crawl all over me

i wanna drive to vegas in your nazi car
i wanna be in your head while you're at a bar
i wanna hang your windows when you've gone to the sea
i wanna feel him crawl all over me

i just wanna lie . . .

i just wanna lie here
just wanna lie here
just wanna lie here next to you
i just wanna lie here
just let me die here
just let me die

i just wanna lie

i just wanna lie here
just wanna lie here
just let me die here next to you
i just wanna lie here
just wanna lie here
just wanna lie

i wanna do you favors
Want to span time
i wanna feel your heart race in mine
i wanna rip you open while you're laughing at me
it'd be the last day i was happy

i just wanna lie here
just wanna lie here
just let me lie here next to you
i just wanna lie here
just let die here
just let me die

i just want to die

i just wanna lie here
just wanna lie here
just let me die here next to you
i just wanna lie here
just wanna lie here
just wanna lie

lie . . . i just wanna . . .
lie . . . i just wanna . . .
