

Scaterd Few, Lights Out

SCENE:

Listen to the life flowing out of my lips
One must beseech the truth a little while

SCENE:

Colour fascination is spreading 'cross the nation
Facism style

YOUTH:

I understand the need for man to clan together
But in your haste remember Korah

YOUTH:

Like packs of dogs try to run for ever

Please stop William
The wrong assassination
Gangs stirs William
Not cool for boys like me

Bang bang bang
He was shot three times in the back of the head

CLIQUES:

Unified we might persuade our local terrorist
Blackened regime heed the cry of a Scaterd Few

CLIQUES:

Like the brothers on the Berlin Wall
These walls need knocking too

Please stop William
The wrong assassination
Gangs stirs William
Not cool for boys like me

Please stop the killing
