

Scaterd Few, Scapegoat

Alias Swaggert, Baker, Jones?
Yahweh puppets storming the throne?
Telling lies with I's from high?
I'm the one you can despise

Keep the facist off my back?
I think I'll have a supremist attack?
Global genocide delete
Yeshua can make your life complete

Pharasitical through and through
What in Hell you gonna do
Tap my insecurity
Then blame it on society

I'd rather die than blame it on my God
