

# Scenes And Sirens, I Don't Think She Loves Me

I'm taking time from everything, just to be the man that you want me to be.  
You just seem to want me to yourself girl  
I can see it from your selfish place, oh on my own way.  
Can you hear my symphony? Coming at you in the form of sympathy tonight?  
Ohhh oh. I know it's too late to crawl back to you, but I'm feeling so alone.  
And everything about the way I do, the things I do. Has drive you crazy.  
I don't think she loves me, I know this for a fact.  
And I been going crazy since the day you left.  
Harder she screams, but is the what you need?  
A little bit of uh uh uh, a little bit more mm mm mm, girl.  
Does he make you feel like a king?  
Oh I say the dirties things, but so some screaming  
I know it's too late to crawl back to you but I'm feeling so alone.  
And everything about the way I do, the things I do. Has drive you crazy.  
I don't think she loves me, I know this for a fact.  
And I've been going crazy, since the day you left. (Since the day I have been loved)  
Yeah there's no running to go. Away. I'm making everything alright.  
Just turn off the lights. Girl, there's no running from the things you say.  
I keep you up at night. But if these words mean anything, it hurts me inside.  
And if you know what I felt, that's how I know. (Know, know)  
But I don't think she loves me, I know this for a fact.  
And I've been going crazy, since the day you left. (Since the day I have been loved). x2
