# Scenes And Sirens, Never Going To Stop

And all I wanna be is

Just another thing

Just one more one night stand

(Just one night stand, just one night stand)

And all I wanna hear is

You'll fall back to me

When you're ready to go again

You've gotta make your move

My body's close to you

(You got it, yeah, yeah, you got it)

And I'm gonna make you sweat

I'm gonna rock your bed

(You got it, yeah, I want it)

Yeah

Come on girls, go and grab your boys

And oh, I wanna see you

Shake it for me one more time

You're never gonna stop

You know you feel it

Put your hands up to the ceiling

Come on now, one more time

You're never gonna stop tonight

Come on just clap your hands for me

And then just feel this beat

It takes you, it takes you from me

When all the people leave

Got to disguise a scene

Just for a little attention

You've gotta make your move

My body's close to you

(You got it, yeah, yeah, you got it)

And I'm gonna make you sweat

I'm gonna rock your bed

(You got it, yeah, I want it)

Come on girls, go and grab your boys

And oh, I wanna see you

Shake it for me one more time

You're never gonna stop

You know you feel it

Put your hands up to the ceiling

Come on, one more time

You're never gonna stop tonight

Come on baby feel the beat

You know you gotta feel the beat

Come on baby feel the beat

You know you gotta feel the beat

(Feel the beat)

Come on baby feel the beat

You know you gotta feel the beat

(Oh ohh...)

Come on baby feel the beat

You know you gotta feel the beat

You've gotta make your move

My body's close to you

Come on girls, go and grab your boys

And oh, I wanna see you

Shake it for me one more time

You're never gonna stop

You know you feel it

Put your hands up to the ceiling

Come on, one more time

Come on girls, go and grab your boys

And oh, I wanna see you

Shake it for me one more time

You're never gonna stop

You know you feel it

Put your hands up to the ceiling

Come on, one more time

You're never gonna stop tonight.
