

Scepter, Ready To Rape

Ready to rape
Like it or not
I've got to get
What you have got
Your sweet little ass
And milk-white tits
Your fucking flesh
I can't resist
You're begging me
To rape your flesh
The pleasure will be all mine
I lust the taste
Of blood and milk
And all of the fucking wine
It's not your fault
You look so hot
But my feelings I can't control
Burn with me
My mistress of hell
And we'll rot in the fires below
