

Scepter, Yakub's Mistake

Diana rises in the sky
Her son illuminates the night
Foul deeds are afoot
Under middle eastern moonlight
Who could say you never know
Speak the truth or call it lies
One mistake will take your freedom
One mistake your life
Mummified speech
Dreams beyond reach
Day of atonement
We are your judgment
So unleash the devil
For six thousand years of despite
Together we will crush one milion
Brothers of our flesh unite
