

Sceptic, Paralyzed, Mesmerized

[Coroner's "Paralyzed, Mesmerized" ('Grin', 1993) cover]

I will smile, while you still cry

I'll be in the light, while you still hide

I'll be far away, while you still sleep

And I'll always remember this, believe

The end of the road

The end of a love

The end of the game

The end of the fame

The end of summer

The end of freedom

Leaving you behind like

Paralyzed, mesmerized

I will understand, while you still ignore

I'll use wings, while you still walk

I'll tell the truth, while you still have to lie

And I wonder, why you stand behind just like...

[guitar solo]

The end of the road

The end of a love

The end of the game

The end of the fame

The end of summer

The end of freedom

Leaving you behind like

Paralyzed, mesmerized
