

# Schaeffer, Fall Apart

Its on the other side  
The life I cannot find  
I want it, I need it now  
Just outside my hands  
Ill take it if I can  
I want it, I need it now  
All these things that weve built will slowly fall apart  
Fall apart and burst at the seams, at the seams  
Hollywood is wrong  
Ive known it all along  
I love you, I see it now  
All these things that weve built will slowly fall apart  
Fall apart and burst at the seams, at the seams  
Cause you cant hold all these things with good intentions and hollow feelings  
You need love. You need love.
