

Schelmish, Rainbow

Rainbow in the sky
lights are blinding me
time to break my chains
colours set me free

This is my salvation, this is my freedom

I might find my pot of gold
I feel a revelation, coming on now
so don't call me now, 'cause I am free now
I say so don't call me, 'cause I am free, 'cause I am free

Clouds and rain gone by
sun shines over me
rainbow chasing flames
colours set me free

This is my salvation, this is my freedom

I might find my pot of gold
I feel a revelation, coming on now
so don't call me now, 'cause I am free now
I say so don't call me, 'cause I am free, 'cause I am free

Colours set me free, colours set me free
don't call me, don't call me
