

Schiller, Dancing With Loneliness

(feat. Kim Sanders)

I'm dancing with my loneliness again...
I'm dancing with my loneliness again
slowly to the music from within.
I'm dancing with my loneliness again
feeling it can be my only friend.

And I won't let myself go it's too near -
to near to hear, near to hear ... to hear...

I'm dancing with my loneliness inside
knowing there's no place where I can hide
dancing with my loneliness inside
there's no other place for me to hide.

And I won't let myself go out and cry
I wonder why, I wonder why...

I'm dancing ... romancing
