She prays

* I feel a reason

Like a sun

* To every season

* A clear sun

* Felt through your touch

* Falling in fear

* I surrender my life to you

Chorus:

* Fate at night

* Only burn alive at times

* And I cant wait for ever

* Ive been waiting whole my life

* I treasure

* Every beat of your heart

From the heart

* Your love completes my life

* I feel loved

* Breathing in your eyes

One love for us

* Im falling to die for you

Chorus:

* Fate at night

Only burn alive at times

* And I cant wait for ever

* Ive been waiting whole my life
